ENGLISH

MARINE WORLD  
 uminonakamichi

People who can entertain themselves, who can water their own heart so that it doesn't wilt, have a timeless appeal.

Such a person probably wouldn't try to fill up their notebook just so there aren't any blank pages. They would value the spaces between the engagements that fill their days, sometimes letting their heart swim, sometimes diving into a different world.

Dive into Kyushu.

There's no crayon for the color of the ocean. Time passes by in slow motion compared to time on land. A completely different Kyushu is waiting underwater to soothe your heart.

Experience natural, spontaneous healing as you encounter Kyushu's ocean habitats.

Spontaneously. Naturally.

MARINE WORLD

# FLOOR MAP

\*Numbering indicates the suggested route.

1 Kyushu's Inshore Waters <3F>

Every prefecture in Kyushu borders the ocean. This exhibit recreates the unique ocean habitat of each region in an aquarium.

3 Open Ocean off Kyushu <1F·2F>

The Japan Current flows through the warm waters of southern Kyushu. This large, dynamic aquarium, which is 7 meters deep and 24 meters wide, recreates the open ocean.

5 Kyushu's Deep Ocean Waters <1F>

View mysterious deep-sea creatures that have evolved under harsh conditions of low water temperature, high water pressure, and low oxygen content.

2 Aso: A Water-nurturing Forest<3F>

This exhibit recreates a spring in the wilds of Kumamoto, which is known for its water. The water and trees in this space evoke the connection between forests and the ocean.

4 Creature Island <1F>

In this area, you can observe penguins, sea lions, and seals from a variety of angles and interact with them up close.

6 Dolphins: A Familiar Site in Fukuoka <1F>

Enjoy the cute facial expressions of the finless porpoise, a small species that's indigenous to northern Kyushu.

## Important

- We are unable to call visitors over the building's PA system.
- Do not eat, drink, or smoke outside the areas that have been designated for those purposes.
- Do not bring pets into the building.
- Do not attempt to save seats around the show pool.

- Nursing room

7 Jellyfish of Kyushu <2F>

Light and sound give the world of jellyfish a mysterious aspect. Forget the everyday world as you experience the slow passage of time and healing rhythms.

8 Coral Reefs of Amami <2F>

The waters around Amami to the south of Kyushu are home to a beautiful world of vivid coral and colorful fish.

9 Sea Trivia <1F>

This is a space where you can relax while watching dolphins swim happily through the water.

10 Sea Otter Pool <2F>

Observe sea otters through a window as they freely float, dive, and eat.

Show Pool <2F·3F>

This show pool offers a splendid view of Hakata Bay in the background. A new sea lion stage sited right in front of the seats brings the performance closer to the audience.

HONE NOTE <2F>

Enjoy discovering secrets hidden in the shapes and sizes of bones that have adapted to their living environment, through explanations expressed through various onomatopoeic sounds.
